

This grid contains different activities linked to the Key Stage 1 curriculum that you can do with your child at home to support their learning. Please encourage your child to be as independent as possible with their work, including drawings and writing which they have done themselves. As you complete the activity, you can tick it off and date it on this sheet. There are enough activities for the term. The homework folders are to stay in your child's bag. These will be checked at random intervals throughout the term. If your child would like to create a different piece of work that is not an activity on the grid, this can also be done in your child's homework folder.

Subjects	Learning Opportunities – written work	Learning Opportunities – making/doing/drawing– photos put in homework folder
English	1. Can you write a description of a place you have been? 2. Can you write some instructions of how to make a cake?	Can you make a cake using your instructions? Can you read a book to your parents using lots of expression!
