

## Reception Learning Objectives

Autumn Term w/b 23<sup>rd</sup> September

This week in school we will be learning...

**English** – To be able to label objects with initial sounds. We will also be learning the nursery rhyme 'Round and round the garden' and coming up with some rhyming words.

**Phonics** – (Please see sheet below.)

**Maths** – to explore how all sorts of things can be counted, including sounds. Singing counting rhymes will give them opportunities to hear, join in with and develop their knowledge of the counting sequence.

**Understanding of the World** – To talk about where we live and how we travel to school. We will be looking at maps to explore our local community.

Over the next two weeks in school we will be learning...

**Communication and Language** – To be able to listen to others one to one or in a small group and respond appropriately.

**Physical Development** – To learn how to use the sports equipment safely and appropriately.

**PSED** – To continue to talk about the Zones of Regulation. We will be having discussions around expected and unexpected behaviours at different parts of the day.

**Expressive Arts and Design** – To draw maps of the local community.

### Notes

This half term our topic is 'All About Me' which will include learning about how we develop as we grow older. If any parent has a new baby that they would like to share with the class, please contact your class teacher to arrange a visit.

Within this topic, we will be learning about people who help us. If any parent works within the community e.g. police officer, nurse, vet and would come in to talk to the children about their job, please contact your child's class teacher.

Many thanks!
