

Phonics	English	Maths	Expressive Art and Design
In Phonics this half term we will be learning the Phase 2 sounds. We will then be using this to read and write simple CVC words. We will also begin to read and write some tricky words.	In English this half term we will be learning 'Owl Babies' and 'The Little Red Hen'. We will be learning these texts using different actions and creating story maps. We will then use this to change characters and settings in the stories.	In Maths this half term we will be focusing on numbers 1-5. We will be looking at the composition of these numbers and how they are made up to gain a deep understanding. We will also be looking at counting to 10 using 1-1 correspondence.	In art this half term we will be looking at self-portraits. We will be using mirrors to look at details on our faces. We will use a range of materials to create these self-portraits. During these lessons we will also explore colour mixing.
Understanding of the World	Communication and Language	Personal, Social and Emotional Development	Physical Development
In Topic this half term we will be discussing our own families and how these are similar and different to others. We will also be	The focus of communication and language this half term will be learning how to listen to others and join in with discussions and	The focus of PSED this half term will be understanding different types of feelings and being able to talk about how we feel. We will also be	This half term we will be developing our skill of the correct pencil grip when writing. In PE we will be exploring different ways

looking at how we have changed since being a baby.	stories. We will also be learning how to be independent and respond to instructions.	discussing how we can make our classroom safe and a happy place to learn.	of moving e.g. running, jumping, sliding etc.
