Year 1 Autumn 2 Curriculum Overview

Phonics	English	Maths
Children will be continuing to recap Phase 3 sounds and will be learning some new Phase 5 sounds. Each week you will see exactly which sounds the children are learning on the phonics spelling sheet in their homework book.	This term, the children will be focusing on instruction writing in preparation for our Design and Technology (DT) day, where they will be following recipes to make a variety of healthy dips. Through this exciting topic, the children will learn how instructions are structured and will practise writing clear, simple steps in the correct order. We will continue to develop our sentence writing skills, with a particular focus on using capital letters, finger spaces and full stops consistently and independently. The children will have opportunities to write instructions, labels and simple recipes while applying these key punctuation and presentation skills in their everyday writing. We are looking forward to seeing the children's confidence and independence grow as they become successful instruction writers.	Children will continue to build on their knowledge of place value, addition and subtraction. We will also move onto recognising, naming and sorting 2D and 3D shapes.

Science	RE	Geography/History	Art and DT
Our Topic is The Human Body, where we will focus on the 5 senses. Please see the knowledge organiser below.	Children will be learning 'Why Christmas is important to Christians?'	Our topic is called 'Discovering History'. Children will learn all about what the past is, family trees, how we know about the past, what archaeologists do and our local history. Please see the knowledge organiser below.	The children are learning all about 'Lines'. Including different types of lines and investigating Miro's use of line. Please see the knowledge organiser below.

Year 1 Autumn 2 Curriculum Overview

			DT – We will be making dips on our DT day.
Music	PSHE	PE	Computing
Children will explore different styles of music and embed their knowledge of rhythm and pulse through games and singing.	Children will explore and celebrate the similarities and differences between us.	The children will be learning rugby and gymnastics skills throughout the term.	Using the iPads, children will learn how to create paintings digitally. We will continue to learn how to stay safe online each lesson.

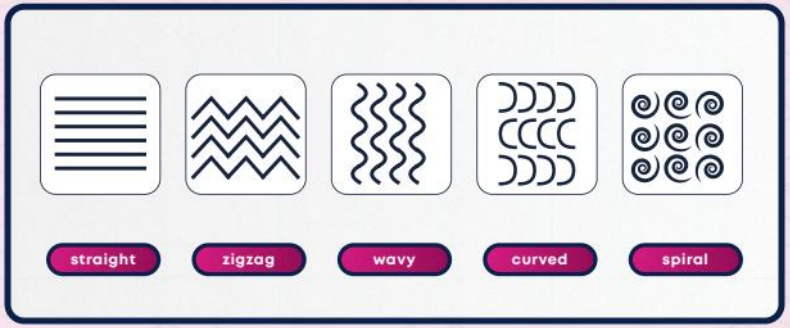

Year 1 Autumn 2 Curriculum Overview

Art Knowledge Organiser

"A drawing is simply a line going for a walk."
