

Reception Learning Objectives

Spring Term w/b 22nd January

This week in school we will be learning...

English – to write a postcard. We will be exploring planet Earth and writing a postcard to an alien in Space describing parts of the Earth using simple captions e.g. It is big. It has lots of trees.

Phonics – (Please see sheet below.)

Maths – to understand one more than. They will spend time discovering that each number has a value of 1 more than the previous number. Using blocks and squares to order quantities from 1 to 5 will help to embed this key understanding.

Understanding of the World – to continue to explore stars in the Solar System. We will be looking at traditional stories to explain the stars.

Over the next two weeks in school, we will be learning..

Communication and Language – to share an opinion. We will be explaining preferences and how they can be different to one another. We will be talking about our favourite planets and why and listening to contrasting opinions.

Physical Development – to practise co-ordination and balance. We will be building obstacle courses and games that focus on these areas of physical development.

PSED – to understand how to keep safe at home, in the classroom and outside. We will be looking at things that make us safe/unsafe, how it makes us feel and why.

Expressive Arts and Design – to use different lines to create pictures. We will be creating pictures like Hundertwasser using spirals and curved lines.

This half term our topic is 'Space'. If any child/parent has any resources such as books, magazines, photographs, objects etc. related to Space and would like to bring it in for the children to explore, please give this to your class teacher.

We will also be learning about Luna New Year, St. Valentine's Day and Shrove Tuesday. If any parent would like to come in to talk to the children about any of these celebrations, please contact your child's class teacher.

Many thanks!
